

Glendale Chamber of Commerce: Military and Veterans Affairs Committee

Purpose: Awareness and assistance for current military personnel and veterans needs in the Glendale area. Assist the Glendale Chamber of Commerce with current and future related programs to include Luke Air Force Base and local military organizations.

Committee Members: Glendale Chamber of Commerce members interested in the future of Luke Air Force Base and assisting with programs. Chamber members who are interested in the welfare of veterans in our community. Representatives from all branches of military service current active duty or retired. Member organizations including the Disabled American Veterans, Hero's Haven and future chamber members.

Committee Member Expectations: The committee will assist in marketing and promoting the Annual Luke Shoot Out Golf Tournament of the Glendale Chamber of Commerce, resurrect/create the Military Appreciation program to honor volunteerism from L.A.F.B. personnel in the community, identify specific needs for veterans in the area and present other military and veteran programs needed to make life better for those individuals.

Meetings will be held monthly at the Glendale Chamber of Commerce office and related military locations in the area.

To encourage those who will be actively engaged to apply for participation to this committee, the Glendale Chamber is asking for an email, short biography and a couple paragraphs regarding how members believe their participation will be productive. This process will enable the Glendale Chamber to ensure a productive committee.
